

If you needed sensitive house clearance services here tomorrow

you'd call: 0203 859 9588

At Fortis Property Services, we deliver discreet, compassionate, efficient, and fully compliant clearance solutions. Using industry-standard PPE and professional equipment, we safely remove, sort, and dispose of waste materials in line with UK environmental regulations. Tenants benefit from healthier, safer living environments, while landlords know their duty of care and legal responsibilities are being met. Our approach not only ensures compliance but recognises the tenant requires help and assistance in what can be complex circumstances.

Hoarder clearance services require professionalism, sensitivity and safety. Left unaddressed, excessive hoarding can create serious health and safety hazards, including blocked fire escapes, vermin infestation, structural damage, and the spread of damp or mould.

For landlords, councils, and housing associations, these risks not only endanger tenants but increase long-term maintenance costs and liability unless acted upon quickly. Our experienced teams work with discretion and compassion, restoring properties to a safe, habitable condition while minimising disruption.

Simply contact us today to discuss our services.

We'll be there when you need us.
