

# If you needed garden clearance & maintenance here tomorrow

## you'd call: 0203 859 9588

At Fortis Property Services, we deliver structured garden clearance and grounds maintenance for housing associations, local authorities, block management teams, commercial agents and managed estates. We clear overgrowth, restore neglected gardens, maintain shared green spaces and manage external areas including verges, hedges, fences and pathways. Our teams work safely and efficiently to reduce risk, improve kerb appeal and bring outdoor spaces back under control.

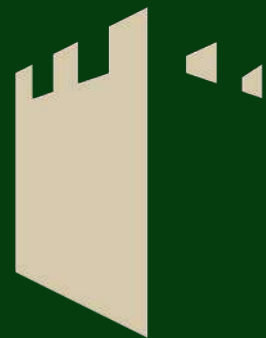

Unmanaged external areas attract dumping, antisocial behaviour and repeat complaints. A maintained environment reduces risk, improves tenant confidence and supports estate standards. We can deliver one-off clearances and ongoing programmes, with waste managed through proper routes and works planned safely around public access.
